

Dear Parents, Staff and Students,

Digital Communications

Now that our Facebook and Skoolbag Apps are fully operational, all parents who have downloaded the Skoolbag App or are following our Facebook are in a position to receive daily notifications from the College. A notification is also sent each week to inform parents that the newsletter has just been published and the active link to our website makes it immediately available to families. We are keen to move to a fully digital process for the newsletter but are certainly committed to make printed copies available to those families for whom online access is difficult or unreliable, please contact the College if you require a hard copy.

Tuesday August 25
